It has come to our attention that there is an error in the 1996 Federal Register codification for 7 CFR Part 210, National School Lunch Program. The Register failed to include a correction to 210.18(c) to change the ending date for the first Coordinated Review Effort cycle. The Agency published a correction docket on November 14, 1995, to change the date to June 30, 1998, from June 30, 1997. The Register is aware of the oversight and will make the correction in the codification for next year.

Please contact our office if you have any questions.
